The Wonderful Team Behind the Project

Turkey

- Ezel Tuna — 14 Eylül İlkokulu (Teacher Administrator)
- Ayşe Özçoban — Batikent Anaokulu
- Münevver Tunç — Hüseyin Akif Terzioğlu Anaokulu
- Ezgi Yar — Şehit İlker Ağçay İlkokulu
- Filiz Gök — Hüseyin Akif Terzioğlu Anaokulu
- Selma Selman — Şehit Bülent Albayrak İlkokulu
- Nevra Han — Güre İlkokulu
- Emine Kurt — Tantavi İlkokulu
- Yeliz Kalkan — Eceabat Kaymakamlığı Kemalpaşa Anaokulu

Romania

- Florentina Niculeanu — Grădinița "Piticot", Craiova (Teacher Administrator)
- Stefania-Florentina Rotaru — Grădinița "Piticot", Craiova
- Mirona Corneanu — Grădinița "Piticot", Craiova
- Adela Macamete — Grădinița "Floarea-Soarelui", Reșița
- Gabriela Moisa — Grădinița "Micul Print", Cluj-Napoca
- Adela Varzaru — Grădinița nr. 2, Slatina
- Adriana Ciortan — Grădinița nr. 2, Slatina
- Mihaela Dicu — Grădinița nr. 2, Slatina

Croatia

- Gordana Goreta — Dječji vrtić Marjan, Split
- Linda Podrug Krstulović — Dječji vrtić Marjan, Split
- Antonia Burazer Ilić — Dječji vrtić Maleni talenti
- Antonija Matić — Dječji vrtić Maleni talenti

Bulgaria

- Galya Veleva — DG "H. Kr. Andersen", Burgas

Our Mission: Little Explorers, Big Impact

Ecological Awareness

Nurturing a love for nature from the very first years.

International Collaboration

Learning together across four countries and cultures.

STEM Competencies

Hands-on experiments and creative discovery activities.

Protecting Our Planet

Inspiring children to be guardians of the environment.

What Our Children Discovered

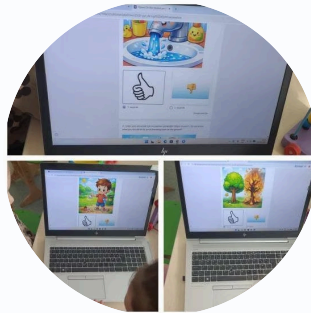

Water Conservation

Every drop counts — learning to save and protect water.

Recycling & Waste Reduction

Sorting, reusing, and giving materials a second life.

Pollution Awareness

Understanding the impact of pollution on our world.

Forest Fire Prevention

Why forests matter and how we can protect them.

Green Spaces

Celebrating the importance of parks, trees, and nature.

UN GOALS IN ACTION

Learning Through the UN Sustainable Development Goals

Every activity we designed was anchored to real-world global goals — connecting our preschoolers to the bigger picture of a sustainable planet.

 **SDG 4: Green School & Zero Waste**

 **SDG 6: Clean Water & Sanitation**

 **SDG 13: Climate Action – Forest Fires**

 **SDG 15 & 12: Recycling & Ecosystem**

Collaboration Across Borders

Mixed-country teams worked together on joint activities, shared resources, and co-created products — proving that **friendship and learning know no borders.**

Mixed-Country Teams

Children and teachers from Turkey, Romania, Croatia, and Bulgaria were grouped into international teams to work on shared activities.

Joint Activities & Resources

Partners co-designed experiments, shared lesson plans, and contributed to joint digital products across borders.

Student Webinars

Children met face-to-face online, sharing their discoveries and celebrating their work together in real time.

Expert & Cross-Project Webinars

Teachers participated in professional development webinars and connected with experts and other eTwinning projects.

Every meeting, every shared file, every message exchanged was a bridge built between our classrooms — and between our children's hearts. 🌍💚

Our Joint Creations

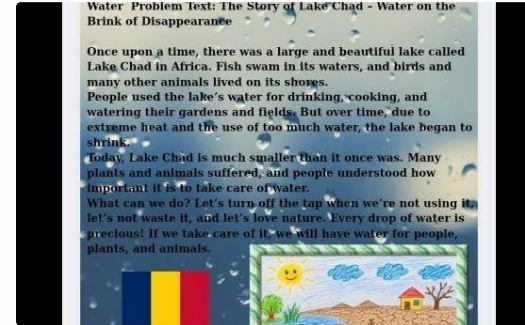

Seed Paper Art

Beautiful handcrafted artwork carrying seeds of life.

Seed Paper Art

Water Atlas

A co-created atlas celebrating water across our four nations.

Water Atlas

eTwinning Day Posters

Vibrant posters made by children for children, across borders.

eTwinning Day Poster

Scientix STEM eBook

A published eBook of STEM learning scenarios shared with the world.

Skills Grown, Hearts Opened

🧠 Logical Thinking

Experimenting, questioning, and reasoning about the world.

🎨 Creativity

Expressing ideas through art, play, and collaborative making.

🔍 Observation

Learning to look closely and notice the natural world around them.

🤝 Collaboration

Working across countries, languages, and cultures with joy.

🌿 Responsibility for Nature

Our preschoolers didn't just learn — they became its guardians.

I'm separating the waste.

Thank You, Dear Partners!

Your dedication, creativity, and professionalism made this project truly extraordinary.

Together, we planted seeds of knowledge that will grow into a greener, brighter future for our children and our planet.
